- Machine Learning

PROJECTS

OTT Platform Application. Developed a full-featured OTT (Over-The-Top) platform similar to Netflix, enabling users to stream video content seamlessly. Implemented user authentication, video playback, content categorization, and recommendation algorithms to enhance user experience. Utilized React, Node.js, and AWS technologies for a scalable and robust solution.

EXTRA-CURRICULAR ACTIVITIES

Community Service

July 2023 — Samadhiyala, Gujrat

10 days experience with Shree Maa Amar Charitable Trust NGO's tree planting and animal care initiatives was incredibly impactful. Through dedicated teamwork and shared passion for the environment and animals, we successfully planted a a significant number of trees, contributing to a greener and healthier ecosystem.

CAMPUS ACTIVITY

Participated in **Hack-NU-Thon** at college, focusing on converting videos into interactive quizzes. Developed a systemusingPythonandGoogleCloud Speech-to-text for video-to-text conversion, followed by natural language processing to generate quizzes. Enhance speech recognition, text processing, and automated quiz creation skills through practical application and collaboration.
